A Wheely BIG job!

Mar 2008

Peeter & Clint work through the night high above Niagara Falls!

The **Niagara SkyWheel**, HOCO's state of the art attraction graces the Niagara Falls skyline. At night the wheel becomes a glowing beacon of travelling light. **Rob Capitano**, Hoco's Manager of Development, entrusted the services of **Signature Signs** to replace over 13,000 feet of light rope without taking the ride out of service. It took over 300 man hours, most of it working throughout the long cold nights to get the job done!

**Did You Know...**

*The SkyWheel is over 175' high and is the largest Ferris Wheel in Canada and the 3rd largest in North America! The ride operates year round and each 42 climate controlled gondola carries up to 6 people, offering an amazing ride with a 360 degree dazzling view!*

No job too tall...

Mar 2008

**When the lights go out, these men go up!** Servicing and maintaining Fallsview Casino's massive Blade Sign takes the skills and expertise of a few brave souls. Meet **Signature Signs'** Servicemen, Clint and Peeter. NO job for the faint of heart ... but the view from their "office" will take your breath away!

**Did You Know...**

The **CASINO** blade sign is 50' above the lower roof and measures 150' high and 20' wide. Each letter is 20' high (approximately 2 storeys) and illuminated by 1000's of feet of very fragile ruby red neon glass. Highly trained and certified technicians service this beast from a swing stage.

Tooting our own horn!
