More than just a Sign!

Aug 2008

All of our sign projects are a team effort at Signature Signs but this one had Joe & Jeff Tessier's names all over it!
Thanks guys for a great job!!

Skylon Tower surrounds the property with interactive sign kiosks. Lee Carr, marketing director for Skylon Tower, can't say enough about these interactive information kiosks that surround the Skylon properties. Designed, manufactured and installed by Signature Signs in time for the 2008 summer season, these kiosks have three sides of backlit duratrans displays, rotating Skylon logo, custom designed weather-proof brochure holders, internal remote control state of the art electronics and speakers with professionally recorded advertising loops specific to each unit. *It's more than a sign, it's an amazing marketing tool, just ask Lee!*

Signs of Summer!

The tourist season is very short so we work hard to create great signage for all of Niagara Clifton Group's properties. From original designed menu banners for the Clifton Family Restaurant, a BIG FUN Value Pass design & sign package, and an original design for the latest carnival attraction, Shake 'n Bake, were just some of the projects that we've been working on.

Niagara Parks Commission's NEWEST attraction ...

Aug 2008

The New Welcome Center...spelled the American way, I know it drove us crazy too!

Signature Signs was pleased to be awarded the sign contract for the Niagara Parks Commission's New Table Rock attractions including Niagara's Fury, Pop 'n Lolly's candy store, Elements on the Falls Restaurant, and the International Currency Exchange.

Nobody worked harder on this project than Mary Gillespie! Thanks Mary for bringing all the pieces together
