

Magnificent Magnolia Chinese Cuisine - An Award Winning Sign!

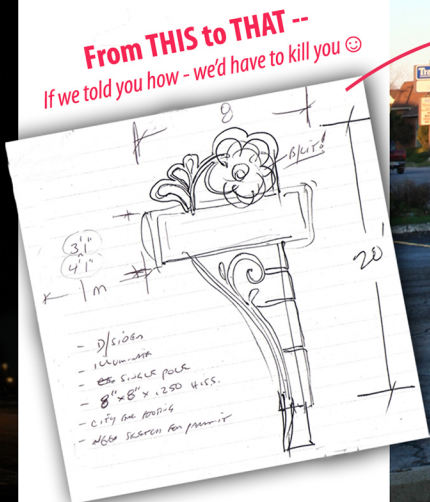

When **Ting and her husband**, the owners of **Magnolia Chinese Cuisine** decided to open a new restaurant at **7666 Lundy's Lane** in **Niagara Falls**, she understood the need to stand out - in a tasteful and unexpected way with a unique identity sign. She knew the answer would be found in the creative hands of **Signature Sign & Image**.

Working with the client's contemporary logo and a quick visioning session, a rough concept for the ground sign was created. This little sketch was all the client needed to sell the job but it takes a team of professional sign designers, fabricators and installers to take a doodle and make it a landmark!

We always preach that image is everything, and first impressions can make or break you and we like to tell our clients, "We'll get customers in your door - the rest is up to YOU!" **Magnolia Chinese Cuisine** opened in December 2011 and is already a success!...may we recommend the Orange Chicken:)

3rd PLACE 2012 International Sign Contest
Electric Free Standing Sign Category

This sign is illuminated using over 500 Sloan V Series LED's and 4 power supplies, but surprisingly the entire display draws no more than 1.5 amps making it **very efficient** as well as beautiful!
