

It's Back to School Time!

We probably get more excited about Back To School than the kids, especially if we're building a new school sign.

Signature Sign & Image, renowned for creative sign solutions takes your boring school sign to a whole new level. When the **District School Board of Niagara** went looking for design proposals for **James Morden Public School** (7112 Dorchester Rd., Niagara Falls) and **Eden High School** (535 Lake St. St. Catharines) we wanted to create memorable signs that students and faculty would be proud of.... *We're pretty proud of these too!*

It all about Great Design!

... and making Great Signs!
